Large Night Crowd Throngs Midway of Fair in Evident Enjoyment. GOOD ORDER IS MAINTAINED Showmen Do Rushing Business as Throngs Move Up and Down "Ballyhoo Lane"-Three Women

FIREWORKS MEASURE

UP TO ANTICIPATION

So great was the pressure of the crowds streaming through Midway last night that three women fainted and became so ill that they had to be taken into the emergency hospital on the grounds, and one, Miss Sallie Herring, of 2912 East Leigh Street, was removed to the Retreat for the Sick.

When the last bomb burst asunder in the pyrotechnic display in front of the grand stand and the emblem of the nation floated gracerully from the smoke folds, the seats began to empty, and for half an hour people passed through the exit gates in a continual procession. There was no rush, no hurry, and the police and private detective employes declared it to be one of the most orderly throngs they had known in their experience. Perhaps it was because it was that everybody felt fully repaid for his entrance fee. Certain it was, for whatever reason, that the people showed every sign of being pleased, and pleased people never give trouble.

It is Just Natural To Admire Babies

the subject of motherhood is even before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application soid in most drug stores under the name of "Mother's Friend." We have known so many grand-mothers, who in their younger days relied upon this remedy, and who recommend it to their own daughters that is certainly must be what lis name indicates. They have used it for its direct influence upon the muscles, cords, ligations, and tonders. influence upon the muscles, cords, liga-ments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of

unnecessarily severe during the period of expectancy.

A little book mailed by Bradfield Regulator Co., 305 Lamar Bidg., Atlanta, Ga., refers to many things that women like to read about. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, caking of breasts and many other distresses.

SOUTHERN RAILWAY Industrial Exhibit.

When visiting the Fair, be sure to see the attractive and educational exhibit of the Southern Railway. This exhibit demonstrates the many moneys making opportunities along the Southern's line, Mr. Z. P. Smith, Agent of the Land and Industrial Department, will take pleasure in answering all questions, and will tell you many interesting and valuable facts,
